

California State Lands Commission  
Presents  
Prevention First 2006  
An Onshore and Offshore Pollution Prevention  
Symposium & Technology Exhibition  
September 12-13, 2006  
The Westin Long Beach Hotel  
TABLE OF CONTENTS

## HUMAN & ORGANIZATIONAL FACTORS

*Moderator: Kevin Mercier, California State Lands Commission*

- **Words on How to Achieve High and Low Reliability Organizations\***  
*by Karlene Roberts, Ph.D., University of California, Berkeley*  
[Click here to view the PowerPoint Presentation](#)
- **Assessing High Reliability Organizational Effectiveness\***  
*by Anthony Ciavarelli, Ed.D., Naval Post Graduate School, Monterey*  
[Click here to view the PowerPoint Presentation](#)  
[Click here to view the Paper](#)
- **Communication and Safety: A Social Network Approach to Understanding Reliability\***  
*by Tracy A. Thompson, Ph.D., University of Washington, Tacoma*  
[Click here to view the PowerPoint Presentation](#)
- **Oil Spill Summary from California Terminals\***  
*by Marc Chaderjian, Ph.D., California State Lands Commission*  
[Click here to view the PowerPoint Presentation](#)

## MARINE OIL TERMINAL ENGINEERING & MAINTENANCE STANDARDS (MOTEMS)

*Moderator: Martin L. Eskijian, P.E., California State Lands Commission*

- **MOTEMS Implementation and Updates**  
*by Martin L. Eskijian, P.E., California State Lands Commission*  
[Click here to view the PowerPoint Presentation](#)  
[Click here to view Paper](#)
- **Cold Ironing at Marine Oil Terminals (POLB)\***  
*by Kosal Krishnan, Ph.D., P.E., and Jeff Khouri, P.E., DMJM Harris and Steve Nagel, P.E., Port of Long Beach*

*\*Note: Some presentations, and/or papers do not appear here as they were not submitted by the author(s) for publication.*

## MARINE OIL TERMINAL ENGINEERING & MAINTENANCE STANDARDS (MOTEMS)

*Moderator: Martin L. Eskijian, P.E., California State Lands Commission*

- **LNG Terminal Engineering and Maintenance Standards (LNGTEMS)**  
*by Gayle Johnson, P.E., HPA, Inc.*  
[Click here to view the PowerPoint](#)  
[Click here to view the Paper](#)
- **Risk Assessment/Hazards for Deep Water Port LNG Receiving Terminals**  
*by Mike Hightower, Sandia National Laboratories, Albuquerque*  
[Click here to view the PowerPoint Presentation](#)  
[Click here to view the Paper](#)
- **Numerical Investigation of Free-Surface Signatures Generated by Submerged Objects\***  
*by Qiang Zhu, Ph.D., University of California, San Diego*  
[Click here to view the Paper](#)
- **Recent Advances in Passing Vessel Loads\***  
*by David Kriebel, Ph.D., P.E., United States Naval Academy, Annapolis*
- **Passing Ship Effects on Moored Vessels at Piers\***  
*by Erick T. Huang, Ph.D., P.E., Naval Facilities Engineering Services Center, Port Hueneme*  
[Click here to view the Paper](#)
- **Tsunami Hazards at Marine Oil Terminal Sites in San Francisco Bay\***  
*by Lori Dengler, Ph.D., Humboldt State University, Arcata*

*\* Note: Some presentations, and/or papers do not appear here as they were not submitted by the author(s) for publication.*

## OIL SPILL PREVENTION AND RESPONSE R&D: OSPR'S SCIENTIFIC STUDY AND EVALUATION PROGRAM (SSEP)

Moderator: *Walter Nordhause, Ph.D., California Department of Fish and Game, OSPR*

- **OSPR'S SSEP: An Overview\***  
*by Dennis Ryan, OSPR*  
[Click here to view the PowerPoint Presentation](#)
- **Rub a Dub Dub: Investigating the Thermoregulatory Physiology of Washing Sea Otters**  
*by David A. Jessup, DVM, MPVM, OSPR*  
[Click here to view the PowerPoint Presentation](#)  
[Click here to view the Paper](#)
- **Protecting Least Terns During an Oil Spill: A Test of the Attraction of Artificial Fish Ponds\***  
*by Kathy Keane, Keane Biological Consulting*  
[Click here to view the PowerPoint Presentation](#)
- **The Treadwell Petroleum Legacy-Human and Natural Factors Affecting Oil and Gas Seepage Nearshore and Offshore Summerland, California\***  
*by Ira Leifer, Ph.D., Marine Science Institute, University of California, Santa Barbara*  
[Click here to view the PowerPoint Presentation](#)

## OSPR EMERGING ISSUES II

Moderator: *Julie Yamamoto, Ph.D., California Department of Fish and Game, OSPR*

- **Protecting our Wildlife from Spills – OSPR's Wildlife Response Plan for California\***  
*by Melissa Boggs, OSPR*  
[Click here to view the Paper](#)
- **OWCN: A Model for Preparing for An Oiled Wildlife Response\***  
*by Michael H. Ziccardi, Ph.D., University of California, Davis, Wildlife Health Center*  
[Click here to view the PowerPoint Presentation](#)

*\*Note: Some presentations, and/or papers do not appear here as they were not submitted by the author(s) for publication.*

## PLATFORM SPILL PREVENTION AND SAFETY MANAGEMENT

*Moderator: Mark Steinhilber, California State Lands Commission*

- **MMS Focused Facility Review & Safety Management**  
*by Shannon Shaw, U.S. Department of the Interior, Minerals Management Service*  
[Click here to view the PowerPoint Presentation](#)  
[Click here to view the Paper](#)
- **Safety Through Process Management – Lessons Learned at Production Facilities for California Offshore Oil and Gas\***  
*by David Rodriguez, California State Lands Commission*
- **Oil Spill Drill Incident Command, Planning or Dress Rehearsals: Preparing to Attack Spills and Manage Response\***  
*by Andrew Prestridge, Ph.S., and Scott Robertson, DCOR, LLC*  
[Click here to view the Paper](#)

## SAFETY, OFFSHORE PIPELINES

*Moderator: Chandra Basavalinganadoddi, P.E., California State Lands Commission*

- **Pipelines in the Pacific OCS Region – Preventing Oil Spills\***  
*by Theresa P. Bell, U.S. Department of the Interior, Minerals Management Service*  
[Click here to view the PowerPoint Presentation](#)
- **Thums Long Beach Company, Pipeline Integrity Management Program\***  
*by Kathye Griffis, THUMS*  
[Click here to view the PowerPoint Presentation](#)
- **Use of Guided Long Wave Ultrasonic Inspection (GUL) for Anomaly Locating and Use of Composite Pipeline Repair Materials for Pipe Reinforcement\***  
*by George Ramsay, P.E., Venoco*  
[Click here to view the PowerPoint Presentation](#)

*\* Note: Some presentations, and/or papers do not appear here as they were not submitted by the author(s) for publication.*

## PROTECTING CALIFORNIA COASTS FROM MARINE INVASIONS

Moderator: *Maurya B. Falkner, California State Lands Commission*

- **California's Marine Invasive Species Program\***  
*by Lynn Takata, California State Lands Commission*  
Click here to view the PowerPoint Presentation
- **Shipboard Demonstration of Ballast Water Treatment to Control Aquatic Invasive Species**  
*by Lisa M. Swanson., P.E., Matson Navigation Company and Tom Perlich, Ecochlor, Inc.*  
Click here to view the PowerPoint Presentation  
Click here to view the Paper
- **Testing Shipboard Treatment Technologies: Challenges, Hurdles, and Nightmares – Oh My!\***  
*by Richard A. Everett, Ph.D., U.S. Coast Guard, Washington, D.C.*  
Click here to view the PowerPoint Presentation
- **Ballast Water Exchange Verification: Discrimination Using Chemical Characteristics of Oceanic Water\***  
*by Gregory M. Ruiz, Ph.D., Smithsonian Environmental Research Center, Maryland*  
Click here to view the PowerPoint Presentation
- **Shipping Traffic, Hull Fouling and Invasion Risk to West Coast Ports\***  
*by Ian Davidson, Ph.D., Portland State University*  
Click here to view the PowerPoint Presentation
- **West Coast Ballast Outreach Project: The Role of Education and Outreach in the Prevention and Management of Species Introductions\***  
*by Holly Crosson, California Sea Grant Extension Program*

## PERMITTING STRATEGIES: PIPELINE CONSTRUCTION AND MAINTENANCE IN HIGH RISK AREAS

*Moderator: Dave Blurton, California Department of Fish and Game, OSPR*

- **Pipeline Permit Process for New Pipelines: Gathering all the Necessary Permits and Information\***  
*by Mark Reese, Pacific Energy Partners*
- **Input to Pipeline Operators Obtaining Construction Permits: A State Agency Perspective\***  
*by Kathleen Jennings, Ph.D., OSPR*  
[Click here to view the PowerPoint Presentation](#)
- **Determination and Description of High Consequence Areas for Pipeline Maintenance and Construction Activities\***  
*by Bob Gorham, Office of State Fire Marshal*
- **Pipeline Permitting: The U.S. Forest Service Process\***  
*by Stephen L. Johnson, Bureau of Land Management*

## LNG RECEIVING TERMINALS ON THE WEST COAST

*Moderator: Madhu Ahuja, P.E., California State Lands Commission*

- **Long Beach LNG Import Terminal, POLB's Role in the Approval Process\***  
*by Stacey Crouch, Port of Long Beach*  
[Click here to view the PowerPoint Presentation](#)  
[Click here to view the Paper](#)
- **Offshore LNG Receiving Terminals, CSLC's Role in License Application Process\***  
*by Dwight Sanders, California State Lands Commission*

*\* Note: Some presentations, and/or papers do not appear here as they were not submitted by the author(s) for publication.*

## LNG RECEIVING TERMINALS ON THE WEST COAST

*Moderator: Madhu Ahuja, P.E., California State Lands Commission*

- **Offshore LNG Receiving Terminals, USCG/MARAD's Role in License Application Process\***  
*by Mark Prescott, United States Coast Guard*  
[Click here to view the PowerPoint Presentation](#)
- **LNG's Role for Expanding Natural Gas Supplies**  
*by Pat Perez, California Energy Commission*  
[Click here to view the PowerPoint Presentation](#)  
[Click here to view the Paper](#)

## MARITIME SECURITY

*Moderator: John Brown, California State Lands Commission*

- **Security Training Challenges**  
*by CAPT Bruce G. Clark, The California Maritime Academy*  
[Click here to view the PowerPoint Presentation](#)  
[Click here to view the Paper](#)
- **Waterfront Protection\***  
*by Chip Nixon, Naval Facilities Engineering Service Center*
- **California Office of Homeland Security and California's Ports: A Partnership of Focus\***  
*by Jessica Cummins, California Office of Homeland Security*  
[Click here to view the PowerPoint Presentation](#)
- **Access Control Issues\***  
*by CAPT William Uberti, United States Coast Guard, Sector SFB*  
[Click here to view the PowerPoint Presentation](#)

*\*Note: Some presentations, and/or papers do not appear here as they were not submitted by the author(s) for publication.*

## MARINE AND INTERMODAL TRANSPORTATION ISSUES

*Moderator: Norman Fassler-Katz, State Senate Transportation Subcommittee*

- **Growth of California Ports: Opportunities and Challenges – An Interim Report to the California State Legislature\***  
*by Gill Hicks, Gill V. Hicks & Associates*  
Click here to view the PowerPoint Presentation

## OFFSHORE SEEPS STUDY AND BEACH HAZARDS REMOVAL

*Moderator: Dan Dudak, California State Lands Commission*

- **Offshore Oil and Gas Seeps\***  
*by Ira Leifer, Ph.D., Marine Science Institute, University of California, Santa Barbara*  
Click here to view the PowerPoint Presentation
- **Coastal Hazards, Santa Barbara Channel Coastal Hazard Removal Project\***  
*by Ted Roche, Divecon Services, LP*  
Click here to view the PowerPoint Presentation
- **Well Re-Abandonment\***  
*by Thomas Kennedy, Pacific Management Technologies*  
Click here to view the PowerPoint Presentation

## MARINE OIL TERMINAL ENGINEERING & MAINTENANCE STANDARDS (MOTEMS)

*Moderator: Ron Heffron, P.E., Moffatt & Nichol*

- **Building a Marine Oil Terminal in Today's Regulatory Environment\***  
*by Ron Heffron, P.E., Moffatt & Nichol*  
Click here to view the PowerPoint Presentation

*\*Note: Some presentations, and/or papers do not appear here as they were not submitted by the author(s) for publication.*

## MARINE OIL TERMINAL ENGINEERING & MAINTENANCE STANDARDS (MOTEMS)

Moderator: Ron Heffron, P.E., Moffatt & Nichol

- **MOT Pipeline Stress Analysis – Challenges and Design Solutions\***  
*by Josh Gilad, P.E., Gilad Marine Facilities Engineering*
- **Coastal Engineering Issues and Dynamic Mooring Analysis for POLA Berth 408\***  
*by David Dykstra, P.E., Moffatt & Nichol*
- **Design of the Port of Los Angeles Pier 400 Crude Oil Marine Terminal\***  
*by Angel Lim, P.E., S.E., and John Posadas, P.E., Port of Los Angeles*  
[Click here to view the PowerPoint Presentation](#)

## OIL SPILL PLANNING MONITORING AND MODELING

Moderator: Kim McCleneghan, Ph.D., California Department of Fish and Game, OSPR

- **California's Use of GIS and Remote Sensing Technology for Oil Spill Planning**  
*by Judd Muskat, OSPR*  
[Click here to view the PowerPoint Presentation](#)  
[Click here to view the Paper](#)
- **California's Oil Spill Simulator\***  
*by Phillip B. Arms, Ph.D., California Maritime Academy*
- **Determining Best Achievable Shoreline Protection for Vessel Spill Risks Using GNOME Trajectories**  
*by Carl Jochums, OSPR*  
[Click here to view the PowerPoint Presentation](#)  
[Click here to view the Paper](#)
- **Monitoring Dispersed Oil and Its Effect in the Sea\***  
*by Walter Nordhausen, Ph.D., OSPR*  
[Click here to view the PowerPoint Presentation](#)

*\* Note: Some presentations, and/or papers do not appear here as they were not submitted by the author(s) for publication.*
